

Gamereport Nov 26th 2006

Wow this was a hot day. Just a hint of breeze to start with but the wind did get stronger as we played. 10 players today and me. Well I don't play that often now. Just serve but I guess that is playing so best bet that I stop whinging about not getting game time.

Anyway it was a good day. Ian and myself got to the field a wee bit early. Tanja wanted to go over catching stuff so we chipped in and helped. It will take and time before Tanja gets to be pretty good and take the steps to get extra training even longer. We made up what it is all about.

The game started. Jouni and Ian were team captains and almost an exclusive day at the field for the ladies it was a time where we have had the ladies vs the ladies with Ian and Jouni being the ringings. It was not all that some very serious batting. Ian spared no mercy and smashed the ball into the field. And then the ladies chipped in. Sirpa watched as players went running after the ball. I watched by Sirpa and the bat. She is a real right batter. Soju out when she starts her turn at bat. Leila. Nowhere Over the past while Leila has not missed a game. Bit shaky in then who is not? But she had a pretty good day on the Tanja started to hit today. Well she hits so every game but her comment that she hit three out of three on a couple bat. That is not so bad when we think it was not that long hitting anything. Kaisu well she hits well. Neat photo and Thompson real estate window in Howick too. Oh added anyone was wanting to see what Kaisu looked like and maybe wants

real estate help. Kaisu there is a bill in the mail for this ad too. But Kaisu did well on the bat today.

Susanna slugged away today. I was serving right? Sol can see what the field does when different batters come up to take their turn. When Susanna comes up to bat there is a sudden shift by most fielders backward s. That ladies and gentlemen is respect for one's safety. Mostly Susanna can smash the ball out into the field. So today the fielders moved back the ball flew. Telle is consistent on the bat. Please remember this about Telle. She knew this game well before all of us. Telle is not a teenager although what Telle does in this game she does constantly give me the impression that when Telle

plenty of practice
others who don't take
progress and that is
