

Game report March 11th 2007.

The count down is on for NZ Pesis Final Game. Yes folks we are speeding towards the end of the season and that means opportunities to start you playing time with pesapallo is fast running out for this season. Get organised to play pesapallo you wont regret the day you start and that is for sure.

Today's game though that is the important item on the agenda.

Not a bad turn out.

Back to play again was Willie. This his second appearance in pesis and it seemed as if he had been there forever. We need more players with the attitude of Willie so start searching now to get them to come play.

Glen was back after a long absence and settled into play taking some time at serving just to show that he can do it.

Sirpa Ottaway was on deck and put in some good hitting and some very good field work. Minna Vuorinen joined in the game and I gotta say it was just the best to see this girl back. She batted well and in the field she did pretty damn good. I was just so impressed. Ian was here as he is every game. Solid in the field and cunning on the bat. Did some great slam hits into the deck and ran the bases even extra bases pretty quick.

Jounit joined in the action even after being involved with some running stuff the day before. A wee bit sore was Jounit but he still hit pretty well and started to get the fielding under control. Hard worker is Jounit. Good to see.

Susanna well this girl is just alright. She hits the ball pretty good. Shows some speed to base as well and works damn hard in the field. Look ummmmm Susanna and Willie as players show the true spirit of pesapallo. Both work damn hard both show heaps of potential and both seem to like this game.

On the side line today we had Paul resting his injured back. But I have to add here that Paul drove from Warkworth to this game and to make things even more difficult he has to drive all the way back again. Now for an injured player who knows he wont be playing in today's game to travel that far just to support the game I gotta ask why others arent putting in the effort. Thank you Paul that was some effort and I sure as hell appreciated it.

Joining Paul on the sideline was Ptrece. An injury kept Ptrece from playing although both Ptrece and Paul did some serving. Again I appreciate the effort from Ptrece to come support us in the game. Thank you matey it is just awesome.

Special guest at the game was Enni Tuomisalo. Enni is planning a documentary on the game of pesis here in NZ. Enni is a student at South Seas which I think is a school involved in media and the arts studies. Enni is a graphic artist and has decided to broaden her opportunities by getting into film etc type studies at South Seas. Enni will be carrying out the production of the documentary at the final game on March 25th. Today's game was designed to give everyone plenty of turns at bat. We started with just one hitter taking 9 strikes before changing to the next hitter. This went for one complete round of all players. Then we switched to the usual shorten version we play with two teams taking the field. It was a rather fast game when this happened and by the time we started to think about maybe this is enough the players indicated they were certainly worn out and it was time to go.

So the game was done. A good day really. Need more players to come to every game but we have what we have so we have to make the best of that.

Next game is March 18th at William Green which is scheduled to start at mid day
